

C Wonder Youth Leadership Camp

This **unique experience** is designed for a **small group of teenagers** who wish to embark on two intense weeks of new discoveries and deep friendships. In addition to enjoying the pleasure of an **active life immersed in nature**, participants will acquire **skills in assertive communication, leadership, and teamwork** during this camp.

The team of **Counsellors, specifically selected and trained to work with this age group**, provides the **tools and space** for the teens to **propose ideas, activities, and conversation topics, and to take responsibility for a project from start to finish**. These are weeks of significant **growth and development** for the campers, who personally experience and learn each day what it means to **make decisions, gain autonomy, express their ideas, and listen to those of others**.

The language used for conversations, sharing ideas, projects, and assigning tasks, as well as for games and outdoor activities, is always ENGLISH.
